CONFEDERATION LIFE ASSOCIATION!
OF CANADA.
Head Office, Masonic Hall, Toronto.
CAPITAL.....$500,000.
Stock and Mutual Plans Combined.
Deposited with Dominion Government for Security of Policyholders, $50,000.

PRESIDENT—Sir Francis Hincks, K. C. M. G. Finance Minister of Canada.
VICE PRESIDENTS—Hon. Wm P. Howland, C. B., Lieutenant-Governor of Ontario;
Hon. Wm. McMaster, President Canadian Bank of Commerce;
Issued—Over 500 Policies first half-year.

This Association issues all the most approved forms of Policies—all non-forfeiting by charter. Its principle of non-forfeiture more favorable to assured than that of any other company.

A strong company which combines strength of capital, character and local influence and provides life insurance at the lowest safe rates without delusive promises of dividends, making a good dividend CERTAIN by decreasing the premium.

By its organization it enables each policyholder to deal with his own neighbors, stockholders in the company—men whom he knows will do justice to his family after he is dead, and also provides that its funds will be invested to develop the resources of his own country and locality.

A company with capital and breadth enough to be safe beyond question, with national extent and prestige, and yet a HOME company throughout the Dominion.

WILLIAM McCABE,
General Manager, Toronto.

Phœnix Fire Assurance COMPANY.
LOMBARD STREET AND CHARING CROSS,
LONDON.
Established, 1782.
For Insuring every kind of Property in all Parts of the World from Loss or Damage by Fire.

THE PROMPTITUDE AND LIBERALITY with which its engagements are always met by this Company are well known, and the importance of its relations with the Public may be estimated from the fact that since its establishment it has paid more than Nine Millions Sterling in discharge of claims for Losses by Fire.

The security offered to the Public by the Phœnix Office is unlimited, comprising in addition to the large invested capital of the Company the whole fortunes of numerous proprietors composed of some of the most opulent merchants and others in the United Kingdom. Annual and short time Insurances are effected upon all kinds of property in Vancouver Island and British Columbia on the most favorable terms.

Prompt cash payment and full power to settle all losses and claims without referring to the Head Office in London.

Daily British Colonist.

TUESDAY MORNING, MAY 26TH, 1874.

L. P. FISHER, 20 and 21 New Merchants' Exchange is our authorized Agent in San Francisco.

Canadian Mail Summary.

OTTAWA, May 6---Rumors are going around that Sir John Macdonald will shortly accept an appointment under Imperial auspices.

A return of public appointments to the Civil Service in Manitoba has been prepared. They were eighty. Out of this number only one was a resident of that Province.

OTTAWA, May 7—A caucus of the Opposition was called with relation to the tariff recently by Sir John A. Macdonald. Only twelve members attended.

The Committee on Manufacturing Interests examined Mr. Sanford, of Hamilton, to-day. He was in favor of imposing 20 or 25 per cent. import duty on clothing.

The Rev. George Grant, of Halifax, who is known to many of our readers as the author of "From Ocean to Ocean," has begun a series of papers in GOOD WORDS, entitled "The Great West."

FORT GARRY, May 5th.—Those who ought to know assert positively that Louis Riel, the recently expelled member for Provencher, is now amongst his constituents.

Almost every mail since Riel's return has brought to him, through a private emissary, numbers of letters and money.

OTTAWA, May 8th.---Hon. E. Churchhill, Senator of Nova Scotia, after about a week's illness from inflamation, died here this afternoon.

HALIFAX, May 9.—An indignation meeting was held at Kentville, King's County, to-day, attended by between 900 or 1,000 electors of that county. The feeling of indignation against the forcible removal of Mr. Woodworth from the House was general, the audience condemning in the strongest terms the conduct of the Government and the Assembly towards him in connection with the Crown Lands and Peter McNab investigations.

HALIFAX, May 8.—Lieutenant-Governor Archibald closed the third session of the Local Legislature yesterday afternoon at three o'clock. His Honor gave assent to one hundred bills. The speech was of the usual kind thanking the House for grants and expressing pleasure at being able to relieve them from further attendance.

OTTAWA, May 8.—The wife of Sir Francis Hincks died on Thursday, aged 70.

The Select Committee on the shortest route to Europe met this morning at 11 o'clock, Mr. Robitaille in the chair. Mr. Sandford Fleming, Chief Engineer of the Pacific Railway was called as a witness and examined. He corroborated the statements he had already published in his book on the subject, especially with regard to the character of the port at Shippegan. He also made some additional explanations with regard to the minutiæ of his scheme.

Parliamentary Summary.

OTTAWA, April 28.

In the Commons to-day Hon. Mr. Blake presented the petition of Mr. Thompson (Cariboo) praying to be enabled to take his seat in the House, which at present he could not, owing to informality in his return.

May 6.

In reply to Mr. DeCosmos the Postmaster General said that bullion and treasure were not carried in the British Columbia mails because of the danger and expense, and that the parcel post was suspended in the interest of the postal service. May 8.

Mr. Mackenzie introduced the Dry Dock Capitalization resolution.

SENATE, May 7.

The following resolution was moved by Hon. Mr. Howlan: "That, in the opinion of this Honorable House, it is not in the interest of the good Government of this Dominion that any officer of the Civil Service should be dismissed from office unless for either misconduct or incapacity."

Still Faith.

EDITOR BRITISH COLONIST—There are many returning from the mines, (I cannot say from Cassiar for but few of the number have been any farther than Wrangel) but I find among them not one Caribooite. You know, sir, that in the first days of Cariboo there were hundreds returned without even trying the mines. Now, sir, as I know from long experience that the Cariboo miner is the man who cannot be easily deterred, having a thorough knowledge of the value of the mines in British Columbia, you must excuse me if I say that I shall retain confidence in the Cassiar mines until I see some Caribooites return.

CHARLES ETTERSHANK.

MUSIC.—Judges of really good Musical Instruments will agree with us that the assortment received ex-Prince Alfred is the best imported into the Province for years. It comprises Violins with Bows, Pegs, Tail Pieces, Finger Boards, Strings and Rosin, Guitars, Flutes, Drum Fifes, Clarionettes, Cornopions, Piccolos, Flageolets, German and French Accordeons, Flutinas and Concertinas. One superior tricord upright Piano, direct from the Manufacturer.---T. N. HIBBEN & Co

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared at his premises on Fort street, and sold by all the principal dealers.

A LARGE VARIETY OF NEW GOODS have been received by Thomas Wilson & Co., comprising all the newest fabrics in dress materials, striped piques, Yosemite cloths, Tasso linen, Grenadines, Delaines, French cambrics, challis, and plain silks in all colors. A large variety of Sun Shades.

DR. RADCLIFFE'S GREAT REMEDY.

SEVEN SEALS OR GOLDEN WONDER,

FOR INTERNAL AND EXTERNAL USE.

A Source of Happiness to Millions of Suffering Humanity.

During the past year the wonderful success of this Great Remedy has far exceeded our most sanguine expectations; Thousands have been Cured, and thousands have found out from actual experience that Dr. Radcliffe's Great Remedy, SEVEN SEALS OR GOLDEN WONDER, is the most wonderful Pain Destroyer in existence, the most Expeditious, Safe and Powerful Remedy known in the World. Cures are effected almost instantly, as if by magic. Thousands of Certificates have been received from all parts of our broad land, unsolicited and unasked for, speaking in heartfelt and universal praise of this Great Remedy, from personal knowledge of its almost miraculous powers in curing the most obstinate and protracted cases of Disease.

DEATHS.

In this City, May 24th, James Gibbon, a native of Scotland, late master of the schooner Isabella, aged 60 years.

The funeral will take place from St. Andrew's Church at 2 p.m. THIS DAY.

Later From Cassiar.

The steamship California returned from Sitka and Fort Wrangel last night, bringing only 15 passengers and 10 ozs. of Cassiar gold dust. Purser Vanderbilt reports that the steamer Glenora arrived at Fort Wrangel from Shakesville on the morning of the 20th inst. It was reported that she had brought down 3 passengers only, and no later news from the mines. Thos. Birmingham, a miner (native of England) who went up as a passenger on the California, died at Wrangel on the 17th inst. The Emma and Black Diamond were seen passing Nanaimo bound North at 9 a.m. on the 24th. Passed slp Triumph with surveying party on board at noon on the 22d, about 8 miles above Tucaltah Rapids.

From another source we learn that Cargotitch and Evans had washed up large amounts and that another new creek had been discovered. Pilot Smith, of the Glenora, came down ill.

Municipal Police Court.

[Before A. C. Elliott, Esq.]

MONDAY, May 25.

H. Brindeman, charged with stabbing the cook of the California, was fined $10 and $9 75 costs.

Four drunks were fined lightly.

James Osborne, convicted of whisky-selling last fall, and who broke gaol in November last, surrendered himself, offering to pay the fine imposed ($250) if suffered to remain unmolested. The case was taken under advisement.

Weekly British Colonist.

This valuable publication, containing all the latest Provincial and Foreign News of interest to people here and abroad, may be had this morning at the Publication Office and the bookstores, ready for mailing.

PASSENGERS booked per steamship Prince Alfred for San Francisco:—Chris. Lynes, Nathan Greenbaum, Ed. Greenbaum, John Austin, D. J Jackman, R. Wolfenden, Mrs. Watson, Mrs. Moody, Mrs. Lachapelle and child, E. D. Boyle, D. N. Jackson, John Slater, Dr. Tuzo, Mrs. Tuzo and infant, Jos. Bell, Pat. Linchey, Ed. Wright, Mrs. J. Kriemler and 2 children, G. Johns, R. Royerts, H. Shanks, S. Shanks, Mrs. Hattersly, A. Townsend, P. Smith, Laura Beedy, John Keonaghan, John Maxwell, Pat. Cahill, J. Leslie, J. P. Russell, F. Wellington, Jas. McCount, D. McCraie, Ah Tac, Ah Foon, John Burn, J. Hughes, J. Fredrich, J. Grahame, M. Fitzgerald, Thos Grahame, Dennis Rohan, Chas. Keyes.

FOR ALASKA.—Prof. H. W. Elliott of the Smithsonian Institute, and L. R. Woods, Esq., U. S. Collector of Customs for Onalaska, arrived on the Prince Alfred. Prof. Elliott is commissioned by the United States Government to regulate the seal-fisheries of Alaska, and whilst there will pursue his investigations in the interest of Science. He is also engaged in the preparation of a series of articles and sketches for *Harper's Magazine* on the North Pacific and Alaska, and in furtherance of that object was engaged yesterday in taking sketches of the city and environs. Messrs. Elliott and Woods will sail to-day in the North Pacific for Port Townsend, where they will embark in the revenue-cutter Reliance for Alaska.

THE British Benevolent Society of San Francisco held their annual meeting a few days ago. From the annual report it appeared that the amount expended for relief in 1873-4 was $2914, being $230 more than in the preceding year. Wm. Lane Booker, H. M. Consul, was elected President. Amongst the Board of Directors we observe the names of Messrs. Naunton and Adamson, formerly of this city.

THE CRUSADERS at Portland now visit the saloons in the evening. Mr. Moffatt, keeper of the "Gem" Saloon, having assaulted one of the ladies, was tried and found "not guilty." The crusade commenced at San Francisco on the 20th inst.

THE *Daily Tribune*, published at Tacoma, W. T., has suspended; but we are pleased to see that the excellent weekly paper, issued from the same office, will be continued. Mr. Thomas Prosch, publisher, arrived in town yesterday on business connected with his publication.

NOVEL REMEDY.—In the House of Commons, in Committee on the new Election Bill, Mr. Thompson, (Cariboo) moved as a remedy against *bogus* nominations, that each candidate be required to deposit $500, which should be given to the successful candidate.

FOR WIMBLEDON.—Ensign Wolfenden will leave by the mail steamer to-day for Wimbledon. He will join the Canadian contingent at Quebec and take steamer at that port for England.

RECOGNIZED.—F. Garesche, Esq., has been recognized by the British Government as U. S. Vice Consul at this port.

ATTENTION is called to the advertisement of a lady seeking employment, which appear in this issue.

Deserved Testimonial.

The following complimentary address was presented to A. W. Vowell Esq., Gold Commissioner and Stipendiary Magistrate, on the occasion of his leaving Omineca to take charge of the Cassiar country:—

To A. W. Vowell, Esq., G. C., S. M., &c., &c., &c.

We the undersigned Miners and Residents of Omineca, hearing with deep regret that you have been called to the performance of more important duties, and feeling unwilling to allow you to depart without offering you some slight token of the high esteem in which you are held by us all, beg now to present to you our heartfelt expressions of esteem for yourself personally, and for the manner in which you have discharged your duties as Gold Commissioner and Magistrate while in charge of this district.

Numbers of the miners, as you are aware, have left this camp for the Cassiar mines, since you came among us. We are sure that if they were here they would feel it their duty as well as their privilege to join in assuring you of the high respect in which you are held.

Trusting you will have a safe and pleasant journey to the new field of your labours,

We have the honour to subscribe ourselves,

Your Obedient Servants.

The address was signed by nearly every man in the camp at that period, and we are quite sure it is no more than Mr. Vowell deserved, for he has given the greatest satisfaction in every community in which he has been stationed during the ten years he has been in the service. Cassiar is fortunate in having such an officer, although he is rather late in going.

The Vox Populi.

The following is a certified copy of the proceedings of a public meeting held at the Twenty-one Mile House, Lillooet District, and already referred to in our columns. Mr. W. M. Brown was elected to the chair and Mr. Swarts acted as Secretary. The resolutions were passed unanimously:—

Whereas the Terms of Union have in our estimation been tampered with; And whereas the present Government appear to be determined to open up the Terms of Union, without submitting the same to a vote of the People of this Province, as advocated by our Senior Member, Hon. T. B. Humphreys;

And whereas William Saul, the Junior member for this District, has most flagrantly disregarded the wishes of his constituents, in this, that he had recorded his vote in favor of relaxing the Terms of Union, and second, that he had recorded his vote as being unwilling for the said Terms to be submitted for the approbation of his constituents;

Therefore, Resolved, that we hereby entirely oppose the action of our Junior Member and hereby enter our protest against any relaxation of the original Terms of Union (without qualification) before the same shall have been submitted to the People.

And it is further Resolved, that, in the opinion of this meeting, William Saul is and shall be respectfully requested to resign his seat in the Local Parliament, as he does not possess the confidence of the undersigned;—

ARRIVAL.—The ship Halcon, 65 days from Caronel, Chili, arrived yesterday to load with lumber at Hastings Mills. On the 12th of May the captain of the ship John Arthur, a native of Massachusetts, died whilst eating breakfast. He had been ailing for some time. The chief officer took charge of the ship and brought her into port. The body was buried at sea.

POSTAL ECCENTRICITIES.—It is by no means uncommon for our mails to go away by the North Pacific, make a circuit via Gold Bluff and San Francisco, coming back by the Prince Alfred—apparently loath to leave the Pacific. Worse than that, a mail which left here some two months ago was stolen before reaching Windsor.

SENATOR CORNWALL, who was the other day taken ill with small-pox, has been taken under the charge of the Sisters, at the General Hospital, and been provided with separate quarters. He is, we are glad to learn, progressing favorably.—*Ottawa Free Press, May 9.*

THE London *Times*, editorially, advises the annexation of the Fiji Islands, as the surest method of putting an end to the South Sea Islands slave-trade. It is hinted that Admiral Cochrane has gone there in H.M.S. Repulse to take formal possession of the group.

THE steamship Prince Alfred will sail for San Francisco at 2 p. m. to-day, from the H. B. Co's wharf, Esquimalt.

THE Loan and Dry Dock resolutions have passed the Dominion Parliament without the Saving Clause, which was introduced by the Assembly to prevent the Local Government from altering the Terms of Union without an appeal to the People, WHICH THEY TRIED TO DO!

COME AT LAST. — The complete plans for the Provincial Penitentiary to be erected at New Westminster were received yesterday by Mr. Pearse. Tenders for the building will shortly be invited.

THE California reports that at Sitka war was existing between the Chilcat and Sitka Indians just outside the town. Up to the leaving of the California, 3 Indians were killed and 2 wounded.

THE steamer North Pacific, with thirty passengers, the overland mails, and a few sheep and cattle, arrived at 3 o'clock yesterday afternoon from Puget Sound ports

A CHINAMAN died on board the steamship Prince Alfred on her last trip down from Victoria, of pleuro-pneumonia.

THE steamship Prince Alfred arrived on Sunday, with 105 passengers and 300 tons of freight from San Francisco.

NORTHERN Pacific Railway bonds are now worth 25 cents on the dollar.

SHAFFER'S BAND will perform on Church Hill this evening.

THE MAILS will close at 2 o'clock p. m. to-day.

Canadian Pacific Railway (New) Bill.

Following is the text of the new railway bill just passed through the Dominion Parliament;

1. That in view of the terms and conditions on which British Columbia was admitted into Union with the Dominion, it is expedient to provide for the construction of a railway to be called the "Canadian Pacific Railway," from some point near to and south of Lake Nipissing, to some point in British Columbia on the Pacific Ocean; both the said points to be determined by the Governor in Council.

11. That it is expedient to provide,—(1.) That the whole line of the said railway, for the purpose of its construction, shall be divided into 4 sections; the first to begin at some point at or near and to the south of Lake Nipissing and to extend towards the upper or western end of Lake Superior to a point where it shall intersect the second section hereinafter mentioned: The second section to begin at some point on Lake Superior, to be determined by the Governor in Council, connecting with the first section, and to extend to Red River in the Province of Manitoba; the third section to extend from Red River, in the Province of Manitoba, to some point between Fort Edmonston and the foot of the Rocky Mountains, to be determined by the Governor in Council; the fourth section to extend from the western terminus of the third section to some point in British Columbia on the Pacific Ocean.

(3.) That branches of the said railway shall also be constructed as follows, that is to say:—

First—A branch from the point indicated as the proposed eastern terminus of the said railway to some point on the Georgian Bay, both the said points to be determined by the Governor in Council.

Secondly—A branch from the main line near Fort Garry, in the Province of Manitoba, to the boundary of the said Province at or near Pembina. Such branches to be considered as forming part of the Canadian Pacific Railway except in so far as it may be otherwise specially provided.

(3) That a line of Electric Telegraph be constructed in advance of the said railway and branches, along their whole extent respectively, as soon as practicable after the location thereof shall have been determined,

(4.) That the gauge of the said railway shall be four feet eight inches and a half, and the grades thereof, and the materials and manner of and in which the several works forming part thereof shall be constructed, and the mode of working the railway, including the description and the capacity of the locomotive engines, and other rolling stock shall be such as may be determined by the Governor in Council, and that the said railway and the branches or sections herein before mentioned, and the stations, bridges, and other works connected therewith, and all engines, freight, and passenger cars and rolling stock shall be constructed under the general superintendence of the Department of Public Works, according to such surveys, location, places and description of works contemplated, as may be approved of by the Governor in Council.

5. That the Governor in Council may divide any section into sub-sections, and that any section or sub-section may, after due advertisement and tenders, be given out to "contractors" for the construction thereof, and of all the works connected therewith and the rolling stock required to work it, and for the working thereof for a period, and on terms and conditions to be agreed upon with the Governor in Council; but that no such contract be given unless the contractors show that they possess a capital of at least $4,000 for each mile contracted for, and deposit 25 per cent. thereof in money or approved securities to the credit of the Receiver General in some chartered bank or banks, as security for the completion of their contract.

III. (1) That it is expedient to provide, —That a guarantee of interest at the rate of four per cent. per annum, for a term of twenty-five years, on a sum to be stated in the contract for each mile of the section or sub-section contracted for, shall be given to the contractors,—the tenders for the work being required to state the lowest sum per mile for which such guarantee will be required.

(2) That an extent of land, not exceeding twenty thousand acres for each mile of the section or sub-section contracted for, shall be appropriated for the construction of the said railway, in alternate sections of twenty square miles each, along the line of said railway or at a convenient distance therefrom, each section having a frontage of not less than three miles nor more than six miles on the line of the said railway, and that two-thirds of the quantity of land so appropriated shall be sold by the Government at such prices as may be from time to time agreed upon brtween the Governor in Council and the contractors, and the proceeds thereof accounted for and paid half yearly to the contractors, free from any charge of administration or management; the remaining third to be conveyed to the contractors. The said lands to be of fair average quality, and not to include any land already granted or occupied under any patent, license of occupation or pre-emption right; and when a sufficient quantity cannot be found in the immediate vicinity of the railway, then the same quantity, or as much as may be required to complete such quantity, shall be appropriated at such other places as may be determined by the Governor in Council.

(3) That the said blocks of land to be appropriated as aforesaid, shall be designated by the Governor in Council as soon as the line of railway, or of any section or sub-section thereof, is finally located: Provided that the Governor in Council may further grant to the contractors the right of way through government lands, as also any such lands required for stations or workshops, and generally all such lands as may be necessarily required for the purpose of constructing or working the said railway.

(4) That the cost of surveys and of locating the line of several sections and sub sections of the said railway shall be part of the subsidy or consideration allowed to the contractors, or not, as may be determined by the Governor in Council, and agreed upon in the contract entered into with the contractors.

(5) That each section or sub-section of the said railway, as it is in whole or in part completed, shall be the property of the contractors for the same, and shall be worked by and for the advantage and benefit of such contractors under such regulations as may from time be made by the Governor in Council, as regards the rates chargeable for passengers and freight the number and description of trains to be run, and the accommodation to be afforded for freight and passengers.

(6) That all the provisions of the Railway Act of 1868, in so far as the provisions therein contained are applicable to the said Canadian Pacific Railway or any section or sub-section thereof, and are not inconsistent or repugnant to the provisions of these Resolutions shall apply to the contractors for any section or sub-section of the Railway, as to a Company formed for the construction thereof, subject to certain provisions and modifications to adopt the said provisions to the circumstances of the case.

IV. That it is expedient to provide,—That in every contract for the construction of the said railway, or of any section or sub-section thereof, the Government of Canada shall reserve the right to purchase under the authority of Parliament, the said railway, or such section or sub-section thereof, on payment of a sum not exceeding the actual cost of the said railway, section or sub-section, and ten per cent. in addition thereto; the subsidies in land and money granted or paid by the Government for the construction of the said railway being first returned or deducted from the amount to be paid; the lands sold being valued at the full amount the contractors may have received from the sale of such lands as may have been sold; and that no contract for the construction of any portion of the *main line* of the said railway shall be binding until it shall have been laid before the House of Commons for one month without being disapproved, unless sooner approved by a resolution of the House.

V. That it is expedient to provide,—That in case it shall be found by the Governor in Council more advantageous to construct the said railway or any portion thereof, as a public work of the Dominion of Canada, the construction thereof shall be let out by contracts offered to public competition, and the Governor in Council may establish from time to time the mode and regulations under which the contracts shall be given, and under which the railway or such portion thereof shall be constructed and worked after it shall have been completed, including rates to be charged for freight and passengers; such regulations not being contrary to any of the provisions of the Acts regulating the Department of Public Works or to any other Act or law in force in the Dominion.

VI. That it is expedient to provide,—That the branch railways shall be constructed as follows, that is to say: That section of the first branch extending from the eastern terminus of the first section of the said railway to some point on the Georgian Bay to be fixed as aforesaid, shall be constructed by contractors as a private enterprise on the same terms and conditions as provided with respect to the main line of the said railway, or any section thereof; or as a public work of the Dominion under such contract or contracts as may be agreed upon and sanctioned by the Governor in Council.

VII. That it is expedient to provide,—That the Governor in Council may also grant such bonus or bonuses, subsidy or subsidies, to any companies already incorporated or to be hereafter incorporated, not exceeding $10,000 per mile, as will secure the construction of the branch lines extending from the eastern terminus of the said Canada Pacific Railway to connect with existing or proposed lines of railway; the granting of such bonuses or subsidies to be subject to such conditions for securing running powers and other rights over and with respect to the whole or any portion of the said branch railway, to the owners or lessees of the main line of the said railway or of any section thereof, or to the owners or lessees of any other railway connecting with the said branch railway, as the Governor in Council may determine; but that no order in Council granting such bonus or subsidy shall be valid until laid before the House of Commons, and ratified by a resolution of the House.

VIII. That it is expedient to provide,—That the Governor in Council may, at any time after the construction of the said branch railway, make with the company or companies owning any portion of the said branch railway, such arrangements for leasing to such company or companies any portion of the said branch railway which may belong to the Government, on such terms and conditions as may be agreed upon, such lease not to exceed a term of ten years, and may also make such other arrangements as may be deemed advantageous for working the said railway in connection with that portion of the said branch railway belonging to such company of companies. But that no such contract for leasing the said branch railway, and no such agreement for working the said railway in connection with any other railway, shall be binding until it shall have been laid before the House of Commons for one month without being disapproved, unless sooner approved by a resolution of the House.

IX. That it is expedient to provide,—That the branch of the said railway, from Fort Garry to Pembina, in the Province of Manitoba, shall be built either as a private enterprise, on the terms and conditions provided for the construction of the main line, or as a Public Work of the Dominion, under such contract or contracts as may be agreed upon and sanctioned by the Governor in Council.

X. That it is expedient to provide,—That the Governor, by Order in Council, shall have the right to determine the time when the works on each section or sub-section of the said railway shall be commenced, proceeded with, and completed; and shall have the power at any time to suspend the progress of the work until the then next session of Parliament.

XI. That it is expedient to provide,—That out of the sums of money to be raised under the Act of the present session, intituled "*An Act to authorize the raising of a loan for the construction of certain Public Works, with the benefit of the Imperial guarantee for a portion thereof,*" and subject to the provisions of the said Act, the Governor in Council may from time to time apply sums not exceeding in the whole two million five hundred thousand pounds sterling out of the sum so raised with the Imperial guarantee,—and sums not exceeding in the whole

dollars, out of the sum raised under the said Act without the Imperial guarantee, for the construction of the said railway, and the purposes mentioned in the preceding Resolutions; and that separate accounts of the monies expended as aforesaid, and of the sums proceeding from the sale of any of the lands appropriated for constructing or assisting in the construction of the said railway and branches thereof, shall be kept by the Receiver General; and all sums required for the purposes aforesaid shall be paid out of the monies mentioned in this Resolution, and not out of any other fund, except that the Governor in Council may (as provided by the Act last cited) authorize the advance, out of the Consolidated Revenue Fund, of such sums as it may be necessary to expend for the purposes aforesaid, before the said loans can be raised, such sums to be repaid to the Consolidated Revenue Fund out of the loans.

A. GILMORE has just received a large assortment of Canadian and English Custom-made Clothing, which he will sell at Reduced Prices; therefore the public are invited to call and select for themselves and make their purchases before going elsewhere. ***

NO ONE should be without one of the most useful little instruments ever instruments ever invented. The "Little Gem," for marking linen, cards, books, &c. FELL'S COFFEE, superior to any other manufactured on the Coast, may be obtained of all respectable dealers throughout the Province. ***

Seven Millions of Pores.

All day and all night the exhausted particles of every human system are passing off through seven millions of quarter-inch hose—that being about the length of the sweat-ducts connected with the pores. If these are obstructed, sickness ensues; if they were sealed up, the consequences would be death. It is one of the provinces of Hostetter's Stomach Bitters to keep the superficial escape pipes open, as well as those larger excretory organs, the bowels. The stomach and the sympathetic, and through the stomach that the Bitters act upon the entire, keeping it moist, elastic and unfevered. The famous vegetable invigorant is a marvellous medicine; no other preparation known contains such a variety of curative and preservative elements, or acts, at the same time, in such a variety of beneficial ways. In dyspepsia it strengthens the stomach, improves the appetite, and controls the liver; in fever and ague, it breaks up the fits in cases of physical prostration it is literally a vital specific.

DIAMOND SPECTACLES

TRADE MARK

THESE SPECTACLES ARE MANUFACTURed from "Minute Crystal Pebbles" melted together and are called **Diamond** on account of their hardness and brilliancy.

It is well known that spectacles cut from Brazilian or Scot h pebbles are very injurious to the eye because of their polarizing light.

Having been tested with the polariscope, the diamond lenses have been found to admit 15 per cent. less heated rays than any other pebble.

They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Company.

For sale by responsible agents throughout the Union.

J. L. Jungerman

JEWELER AND OPTICIAN, IS SOLE AGENT FOR VICTORIA, V. I.,

From whom they can only be obtained. No Pedlars employed.

The great demand for these spectacles has induced unscrupulous dealers to palm off an inferior and spurious article for the Diamond. Great care should be taken to see that the trade mark ⊂> (which is protected by American Letters Patent), is stamped on every pair. se6

Dentistry.

C. Francis Barnard, M. D.

SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial set he best valcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practic of upwards of thirty years, render his services mor valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

Notice to Mariners.

No. 6 of 1874.

REVOLVING LIGHT, Cape Beale.

NOTICE IS HEREBY GIVEN that a Lighthouse has been erected by the Government of Canada on Cape Beale, at the South-East point of the entrance to Barclay Sound, on the West Coast of Vancouver Island, Province of British Columbia.

Lat. 48 deg. 47 min. 48 sec. N.
Long. 125 deg. 12 min. 52 sec. W.

A Revolving White Light on the Catoptric principle elevated 164 feet above high water, will be exhibited on 1st July next. The light will show at intervals of 30 seconds, making a complete revolution in two minutes, and should be seen in clear weather a distance of 19 miles.

The Tower is a square building, painted light stone color, elevated 35 feet from summit to centre of light, with detatched oblong dwelling house, painted same color. The light will be visible from an Easterly bearing, parallel with the coast round to W. by N. ½ N. Caution is hereby given that the light should not be brought to bear to the Eastward of E. ½ N., as foul ground extends off the entrances to Barclay Sound.

All bearings are Magnetic. The Light is for the purpose of a coast light, and to indicate the entrance to Barclay Sound.

Mariners, however, should not attempt to enter the Sound at night without local knowledge or a Pilot.

Medical.

DR. J. COLLIS BROWNE'S
(Ex Army Med Staff)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne: that they prescribe it largely and mean no other than Dr Browne's.—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A Montgomery, Esq., late Inspector of Hospitals, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when other medicines had failed

Dr Lowe, Medical Missionary in India reports [Dec 1865] that in nearly every case of Cholera in which Dr Collis Browne' Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodynes prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases,

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequen tfatal results have followed

See leading article, Pharmaceutical Journal, Aug 1, p869, which states that Dr J. Collis Browne was the inventor of Chlorodyne: that it is always right to use his preparation when Chlorodyne is ordered. Sold in bottles at 1s 1½d, 2s 9d, 4s 6d, and 11s each.

CAUTION—None genuine without the words "Dr. J. Hollis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle,

Sole Manufacturer, J T DAVENPORT,
GREAT RUSSELL STREET, BLOOMSBURY, LONDON.

Notice to Mariners.

A BELL BUOY BEACON, PAINTED RED, having a square Cone on float 12 feet high, has been moored on "Kelp Reef," Haro Strait, in 11 fathoms of water, about one cable and a-half magnetic North of the extreme Southern reef.

The bell will constantly toll, but in very smooth water the intervals will be long.

Vessels passing or rounding the Beacon should give it a berth of at least two cables.

A penalty of Five Hundred Dollars will be enforced upon conviction of any person interfering with said Beacon. JAMES COOPER,
Dept. of Marine and Fisheries, Agent.

AMILTON—Winer & Co.
ALIFAX—Avery, Brown & Co.

Come ye citizens and strangers,
Miners, Sailors and Western Rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you,
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of Chewing and Smoking,
Or if you are given to snuffing
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion,"
He has stock and his opinion
Is that none can suit you better,
They will please you to the letter.
His Cigars, just from "Havana,"
Smoke in the most lovely manner;
Meerchaum Pipes of style and fashion,
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also.
All the Fine Cut brands for chewing,
That your teeth will never ruin;
Pipes to suit the inveterate smoker,
Cards for playing 5inch or Poker.
Pipes of brier and stems of cherry,
More than any man can carry;
It would take a week to tell you
All the things he has to sell you,
While in town you may be stopping,
At the "Adelphi Corner" drop in;
Campbell you'll find at that location,
Ready to give you information.
Or to see you well provided,
With what is by all decided
The smoker's and the chewer's glory,
The best and cheapest in Victoria.
